CEDAR MEADOW LAKE 2012 - 2013 ACTION PLAN STATUS REPORT

GOAL 1. DAM MAINTENANCE

COMPLETE

Maintain the dam in good condition and provide the ability to engage in periodic draw downs or other actions to maintain the lake in good condition. Permanently install siphons to enhance draw down capacity. Routine maintenance will include monthly mowing of the upper dam surface.

Responsibility: Management Committee with assistance of qualified contractors

Resources: Funds contained in the Annual Budget

GOAL 2. ENGINEERING SERVICES

INCOMPLETE

Engage the services of an engineering firm to provide expertise and guidance with respect to the maintenance and repair of the dam. Complete State mandated Phase I follow-up inspection.

Responsibility: Management Committee

Resources: Funds contained in the Annual Budget

GOAL 3. DAM REPAIR

COMPLETE

Continue to find and stop leaks in the dam. Periodically repair the concrete surfaces of the dam and spillway. Coordinate dam repairs with the annual draw down if possible.

Responsibility: Management Committee with assistance of volunteer divers, volunteer workers, and qualified contractors when necessary.

Resources: Funds contained in the Annual Budget

GOAL 4. TREE REMOVAL

INCOMPLETE

Acquire the land on the south side of the dam to cut large trees and brush within 15 feet of the dam structure as ordered by the Office of Dam Safety.

Responsibility: Management Committee

Resources: Funds contained in the Annual Budget

GOAL 5. LEGAL DEFENSE

COMPLETE

Seek and achieve the best possible outcome for the District and its members in the matter of Central Water District Associations v. Cedar Meadow Lake Watershed District.

Responsibility: Management Committee with assistance of legal counsel

Resources: Funds contained in the Annual Budget

CEDAR MEADOW LAKE 2012 - 2013 ACTION PLAN STATUS REPORT

(continued)

GOAL 6. FINANCING NEARLY

COMPLETE

Appoint a committee to help administer long term financing to pay the judgement against the District, and to help manage District investments. Work with Town officials to bill repayment to District members and to help manage District investments.

Responsibility: Management Committee

Resources: Volunteer hours and minimal administrative expenses

GOAL 7: CONDUCT WATER QUALITY MONITORING PROGRAM

COMPLETE

Measure total phosphorus content and clarity through the collection and analysis of lake water samples. Informally, collect and measure bacteria counts.

Responsibility: Management Committee with assistance of volunteers

Resources: Volunteer hours and low cost analysis

GOAL 8. WEED CONTROL

COMPLETE

Draw down the lake five feet beginning in late September or early October and maintain this water elevation until the lake bottom freezes for weed control purposes. Thereafter, endeavor to maintain lake levels between 24 and 36 inches below the spillway elevations during that portion of the winter when the lake is covered with ice to minimize ice damage to shoreline structures. Appoint a committee of volunteers to study and map non-native aquatic weed populations in the lake and to recommend programs to eliminate or reduce these populations, particularly the Fanwort in two northern coves.

Responsibility: Management Committee

Resources: Volunteer hours and minor administrative expenses

GOAL 9. FUND RAISING Replaces Friends Program

INCOMPLETE

Continue to implement a program to solicit voluntary contributions from non-member neighbors that might use or otherwise enjoy the lake, and to identify and implement other programs and activities to raise funds to offset District operating costs.

Responsibility: Management Committee with assistance of volunteers

Resources: Minor postage and copying expenses

GOAL 10. COMMUNICATIONS

COMPLETE

Communicate information regarding happenings on and around the lake through periodic newsletters and the District's web site www.cedarmeadow.org.

Responsibility: District Clerk and District Treasurer

Resources: Funds contained in the Annual Budget
